Sir,

Construction of a Town Hall at Saragur,
Heggadadevankote Taluk

I have the honour to state that Saragur in Heggadadevankote Taluk is a minor Municipality and the biggest town in the Taluk, with a population exceeding 3,000 There is no public building to serve as a Town Hall and for locating a reading room for the benefit of the public The Municipal Office is located in the Village Chavadi, a clumsy building with in-sufficient accommodation and no convenience It is not possible to hold the Municipal Meetings in the present building though it is now being used for the purpose Moreover, a portion of the building is being made use of by the Village Munsiff for holding his Court

The Municipal Council have therefore been urging from a long time that a Town Hall at the place be constructed and that the Reading Room and the Municipal office be accommodated there The Executive Engineer, Mysore Division, has prepared a plan and an estimate amounting to Rs 4,700 for the work The Municipal

9)

Council at their meeting held on 14th July 1942 have unanimously resolved that the cost of construction of the building Viz: Rs 4,700 be met by the Municipality and Government in equal proportions The Municipality has at its credit in the Savings Bank a sum of Rs 2,350/- which is ear-marked for the purpose, and it is prepared to spend this amount this year

In the circumstances, I recommend that a grant of Rs 2,350/- be given to the Municipality for the work out of the Town Improvement grant for the current year

I have the honour to be,
Sir,

Deputy Commissioner,
